

Dockets Management Branch (HFA-305)  
Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I have used an out-of-state pharmacy for my compounded medications for HRT. The meds are specially compounded for my individual situation. This service is not available at my local pharmacy or through my mail order prescription program. I resent the idea that I would have no choice in medication. I would be forced to use only commercially manufactured "one size fits all" medications. ~~HB~~ Already my age group is a good pig for HRT - the information changes almost weekly. The limitation of this proposal would compromise my quality of life by restricting my ability to obtain medication my dr has prescribed and that I need.

Please fold, seal, and mail by June 1

Sincerely,  
Mary Alice Shirk
